Impartus/EAS/ERP Committee

Objectives of Impartus & EAS:

Impartus is an effective automated solution through which we can capture the sessions happening in the classroom so that we can address the below points:

1. Access to live recorded lectures and other study materials, providing students the ability to virtually relieve their classroom experience, anytime anywhere
2. Helping the teaching faculties in improving and advancing their teaching practices
3. Having a platform where students and professors are connected
4. Giving an opportunity of never missing class to all the students where they can watch the classrooms session any number of time from anywhere
5. Content creation and sharing across campuses

Roles and Responsibilities:

1. Automatic lecture capture with HD quality Audio and Video
2. Institute can serve wider audiences and share expertise through lecture capture classrooms
3. Content creation which can be used as digital library and Faculty Training
4. Instructional feedback to the faculties to improve teaching practices (Non- intrusive)
5. For Students, improved performance and deeper subject understanding
6. Collaborative learning and increased engagement between students, professors and management (Impartus platform advantage)
7. Never miss a class, web and mobile access. Access anywhere anytime
8. Students can focus on understanding concepts deeper by watching videos again and again.
9. Effective learning as anytime access of lectures to student
10. Student has access to watch lectures over mobile app as well as laptop
11. Overall student is spending good amount time on Impartus

Objectives of ERP

Enterprise resource planning (ERP) manages and integrates business processes through a single system. Enterprise resource planning (ERP) is the integrated management of main business processes, often in real time and mediated by software and technology. At its core, an ERP is an application that automates the processes, and provides insights and internal controls, drawing on a central database that collects inputs from departments including accounting, and human resources (HR)

Roles and Responsibilities:

1. Integrate all the processes through a single system
2. Capture real-time data mediated by software and technology.
3. Automates the processes, and provides insights and internal controls.
4. Faculty attendance system
5. Manage Accounting, Billing, Inventory, GST and other Business needs
6. Keep track of all the financial records and manage various accounting tasks
7. Enable efficient and quick processing of financial information

Standard Operating Procedure:

1. The meeting invitation is circulated among the committee members
2. Based on the prevailing situation the meeting is organised in physical and online mode
3. The time table for scheduling the class recording must be sent prior to the commencement of the semester
4. Committee members must ensure that the classes are recorded as per the schedule
5. Inform the faculties taking video classes to wear the mic at the neck level
6. Inform the students to watch the recorded videos after the completion of every class
7. Two meetings in ODD semester & two meetings in EVEN semester to be conducted
8. The Copy of the Minutes of Meeting is mailed or circulated to the Principal, IQAC, all HODs and Impartus/EAS/ERP committee members to seek their approvals
9. Periodically check the status of the ERP software and perform maintenance on regular basis
