A Report

The event started with welcome address by Dr. Manjula S. Dalabanjan. She welcomed the Management, Principal, Vice Principal, all HOD's and staff and students to the event. She also extended a great pleasure in welcoming the team of BGS Gleneagles Hospital to our campus to conduct the Free Health Screening Camp 2023.

Our management constantly support organisation of events for Social Cause, Professional Development Programmes, conferences and other value added programmes . Our Principal Dr. Nagabhushana B S felt privileged to lead such an exciting and vibrant Institution DBIT, which offers great opportunities for the young students and also to make each and every student to succeed in their fields. He said that, "We offer our students the best possible opportunities to become confident, thoughtful young people who are prepared for any future challenges, in an exciting and increasingly global world. One of the important factor that affects the carrier of any Person is his health. Health is the biggest wealth for a human being in his/her entire lifetime. If someone wants perfect health then, first of all, he/she has to improve the quality of the thoughts that generate and occur in their minds. When a person thinks positively then he/she improves his/her chemistry from within. For a healthy lifestyle, one should follow many rules and should also do regular exercises and must be physically active. For instance, Americans spend more money on health than anyone else in the world, yet they live shorter, less healthy lives than citizens of other rich countries. The complex reason for this is the multiple factors that affect health".

In this camp, the team from BGS Gleneagles Global Hospital guided us for our well- being. The coordinators of all departments were requested to to be present near SH-1 till the end of the programme guiding the staff and students to get the health check – up according to the Schedule prescribed schedule and make the event a grand success.

The doctors explained the importance of health and why routine check up is required for each and every individual atleast once in a year.

Vote of thanks was delivered by our Vice Principal, Prof. Umashankar B S.

The students and NSS volunteers at large worked enthusiastically for successful completion of the event.
