Sub: Celebration Of International Women's Day at Don Bosco Institute Of Technology

With Reference to the above the “Anti-Sexual Harassment /Women Empowerment Committee” has put forward the idea of celebrating the International Women's Day At Don Bosco Institute Of Technology on 8th March (tentative).

The Theme of the International Women's Day 2023 is “Innovation and technological change, and education in the digital age for achieving gender equality and the empowerment of all women and girls”.

As per the suggestions of Vice Principal and Committee members the following are the plan of actions in connection with the Women's day celebration. The chief guest of the day may be the one who is playing the prominent role in Society in various aspects of their achievements and their contributions towards the society. Also committee has put forward the idea of conducting various competitions for our girl students of our institution and the following are the proposal,

Competitions based on the theme of the International Women's Day 2023 ,

- Women in Sketches(may be pencil sketch, canvas)
- Poems
- Essay
- Any Special talents from the students community – opportunity will be given
- Blog writing Competition on - Women are redefining, reinventing and reigniting music on their own terms.
- Typography Competitions - Typography is the art of arranging letters and text in a way that makes the copy legible, clear, and visually appealing to the reader.It involves font style, appearance, and structure, which aims to elicit certain emotions and convey specific messages. In short, typography is what brings the text to life.

Non Theme Based Competition

- Art competitions - Madhubani Painting, Gond Art, Warli Painting, Kerala Mural Paintings, Kalamkari, Phad Painting.
- Mehandi Competition.
- competitions for staff - Mehandi Competition
- Competition for staff - Any one with Special talents – poems, singing , dancing, embroidery work, paintings etc can exhibit their talents(various art form can be displayed on the screen and felicitate them for talents)

Seeking your valuable suggestions and kind permission to move forward in this regard ,

Thanking You

Ranjini

Sincerely

Sub: International Women's Day organized at our institution on 8th March 2023

Madam,

!!Greetings from DBIT!!

We are pleased and proud to introduce **Don Bosco Institute of Technology (DBIT)** located on a sprawling campus in the sylvan south west suburb of the city of Bangalore, on the Bangalore – Mysore National Highway.

Our founder President is **Sri. B. Bylappa**. Being an industrialist, his social quotient remained in the area of education which inspired him to establish **Waynamac Education Trust** in the year 1999. He has a wide philanthropic and charitable outlook from his early stage of entrepreneurship which remains today in a physical form of temples, function halls, and basic school education facilities to the needy. In this endeavour, he is competently supported by **Sri. B. Manjunath**, Vice-President, and **Sri. Raghav Bylappa**, Secretary, through their pro-active and generous participation.

Starting with just 3 UG engineering programs in 2001, DBIT today offers 8 UG, and 1 PG program. 4 UG programs are accredited by National Board of Accreditation (NBA) and the institution is accredited by NAAC. Currently more than 3000 students are pursuing their higher education.

We would like to inform that International Women's Day is being celebrated on **Wednesday, March 8th, 2023, at 11 a.m.** in our campus.

In this regard, it is our honour to invite you as **Chief Guest** for the function and grace the occasion.

Awaiting your kind acceptance and looking forward to your visit for the said event.

Thanking you,

Yours truly

Women Empowerment Cell/Anti Sexual Harassment – committee “WOMENS DAY CELEBRATION”

Objectives: The Theme of the International Women’s Day 2023 is “Innovation and technological change, and education in the digital age for achieving gender equality and the empowerment of all women and girls”. On March 8, people commemorate International Women's Day. It observes cultural, political, and socioeconomic women-made achievements in various fields. Women's Day also marks a call for a gender-equal world that is free of bias, stereotypes, and discrimination and is diverse, equitable, and inclusive while differences are valued and celebrated.

The main objective is

- To express love and gratitude towards women’s contribution to our lives and society
- To honor the power and struggles of women for their valuable contribution to the growth of the Institution.
- Awareness to the women about safety measures.

Brief Report on the event

We at Don Bosco Institute of Technology celebrated women’s day on March 8th, 2023 at our institute. The day’s chief guest was Ms. Jyothy, Director, Sadhana IAS Coaching Academy, Bangalore. Along with the Chef Guest, our beloved Principal Dr. B. S. Nagabhushana, Vice Principal Prof. B. S. Umashankar, the Convener Dr. Ranjini. P. S, Anti-Sexual Harassment/Women Empowerment Committee graced the occasion. Also all the ladies’ faculties and the students from the various branches of Engineering and Management Studies were also part of the celebration.

The program was started with a formal Inaugural welcome dance by Harika. S. V of 3rd Semester Computer Science Engineering. The master of the ceremony was done by Ms. Chaithanya and Ms. Likhitha. R of 3rd Semester Electronics and Communication Engineering. The dignitaries and the student representatives jointly did the lamp lighting ceremony. The convener of the committee briefed about the objectives of the committee and also emphasized that the objective of this team is to promote a culture of respect and equality for the female gender and to organize awareness programs on gender sensitization. Also, this team aims to provide opportunities and programs for girls and women to be financially, mentally, and emotionally empower to promote their growth as individuals in their own right.

Principal Dr. B. S. Nagabhushana gave the welcome address. He highlighted the importance of women and the unique hidden skills in women. Also, an emphasis was given that Goal setting skills are mandatory in the business world and life. You can't get what you want unless you envision it. Give yourself the space to dream and imagine what you want. Then, be able to identify priorities and tactical plans to make things happen.

Professor Chandana of the Department of Mechanical Engineering gave a brief introduction to the Chief guest Dr. Jyothi. The chief guest motivated all of us with her own heart-touching story of herself and how she has come up in life. Actually, the speaker grabbed the attention of the audience with her marvelous speech. She has explained her journey and how she has come up in life from a normal family background to a leading entrepreneur. That was really a motivation and an inspiration to all of us.

It is the expectation of every student to meet their objectives at the end of their learning period and at the same time meet the expectation of the larger society, including their family members, members of the society, and even their fellow students. In most cases, this is not attained due to a number of mistakes the students involve themselves in contributing to the failure. At some point, the students need to be made to understand the expectations of society from them and their [responsibility](#) within the community, and what they need to do in order to remain within the line of succession.

As a part of the International women's Day celebration, various competitions has organized for staff and students on the events such as singing, dancing, drawing, painting etc. The winners of the competitions are felicitated during the program. Also, the student Ms. Chaithanya of 3rd Semester EC performed a marvelous yoga performance. She has shown all the various forms of yoga in the form of dance.

At last Prof. Sheeba. S of the Computer Science Department presented the vote of thanks and concluded the program.
