Introduction/ Preamble

In today's dynamic landscape, Engineering Students are no longer confined to the traditional roles of designing circuits or optimizing algorithms. The Entrepreneurial Spirit beckons, urging them to explore uncharted territories beyond the classroom. Here's why embracing Entrepreneurship as a Career Path is not just an option—it's a strategic imperative.

A 2nd Session on "My Entrepreneurship Journey" was organized for the 3rd and 5th Semesters of ISE Department and 3rd Semester Students of MBA Department in collaboration with the DBIT Alumni Association, Bengaluru on 9th December 2023 in DBIT Campus. The Program started at 10:00 AM in Seminar Hall A001. The Welcome Speech and Theme of the Program was delivered by Chief Coordinator of DBITAA, followed by the Address from Principal of DBIT. The Resource Person for this Session, Mr. Nagendra Prasad Kumble - Founder & CEO of RadomeTech addressed the gathered students with a Presentation and shared his Experience and Motivational Stories to the students to take up Entrepreneurship as their career path. This was followed by One to one free wheel chat of Coordinator DBITAA & Resource Person. Finally Vote of Thanks was given by Chief Coordinator of DBITAA.

Objectives and Learning Outcomes

Objectives

1. To develop and strengthen entrepreneurial traits, such as motivation, risk-taking, confidence, and goal-setting.
2. To expose the participants to the challenges and prospects of entrepreneurship in various sectors and industries.
3. To increase the awareness of the sources of help and support for a startup venture, such as financial institutions, government schemes, mentors, and networks.

Outcomes

At the end of the session,

1. The students shall be motivated to take up entrepreneurship as a career option and contribute to the economic and social development of the country.
2. The students shall be able to select the right type of project and product based on their interests, abilities, and market opportunities.
3. The students shall be able to find problems worth solving in their chosen domains and industries.
