Editorial:

Hi all...

I am presenting before you the 4th edition of 'DBIT – CE –NEWS LETTER for the period January'20 to June'20.

It was quite an awful period for the entire globe because of the Corona Pandemic. Almost each & every country is suffering from this dreadful virus. It has come as a threat to the humanity and everywhere people are losing their lives, livelihoods, economies are badly hit and people are struggling to survive.

Everything went on very well till first week of March,2020. The students visited Jalagaon, the factory site of 'The Supreme Industries' and other site seeing/religious places nearby. A 10 day "SURVEY CAMP" was also conducted during the 1st & 2nd week of February'20. Regular academic assignments were conducted for the students.

March onwards, the scenario totally changed, the country was under lockdown, schools, colleges, business establishments etc., were shut. The student community experienced lot of anxiety and the whole system was in dilemma. More emphasis was given on On line courses.

"Let us all pray humbly & sincerely that this pandemic would end soon and the life of all the people on this mother earth would come back to normalcy at the earliest."

I thank the Management on behalf of the department, for supporting us in this period of uncertainty & fear. Our sincere thanks to the Principal and to all my colleagues for their support and encouragement.
